

Uniting

Music for Growth

2019

Music for Growth is a music program aiming to enhance attachment, emotion regulation and communication between child and parent through song, movement and play.

Facilitated by a registered Music Therapist, Uniting Connections is offering Music for Growth group program, providing a structured, engaging musical space for parents and carers to engage with their children aged 0-5 years through song and movement.

Individual and family based programs are also available for children and families up till 18 years old

Registration is vital, however participants can join at any time throughout the term.

This program will commence February 6th, 2019.
